Rafael:

Of course, the understanding is that Sam will MEET with NORCO because the company has verbally stated that it will perform the conditions. As you are aware, I indicated to Dick Bergner that the meeting with Sam would be cancelled if NORCO was not prepared to discuss compliance with Sam's conditions.

Thanks,

Gloria, this letter implies that we have already accepted their proposal to take back the RI/FS based on meeting the conditions in the letter. Those conditions are not at all restrictive and obligating and can be easily complied with, at least on paper.
